[Verse 1]

I learnt tough was just how hard a man could hit a man
You don't back down from a fight, and that was
understood
I learnt tough was drinking hard and laying rubber
down
Driving fast and living large that V8 growling under the
hood

[Chorus]

Now it's working over time when you got mouths to
feed
It's paying off that mortgage yeah it's owning the deed
It's every soldier fighting that may never come home
It's sticking to your guns when you're going it alone
It's living when we lose the ones we love
There's all kinds of tough

[Verse 2]

I learnt tough meant man enough to never show your
fear
That men don't cry you don't complain, and that was
understood
Yeah I learnt tough meant getting up and never staying
down
Yeah Steve McQueen and Jimmy Dean, John Wayne
Made tough look good, so good

[Chorus]

Now it's working over time when you got mouths to
feed
It's paying off that mortgage yeah it's owning the deed
It's every soldier fighting that may never come home
It's sticking to your guns when you're going it alone
It's living when we lose the ones we love
There's all kinds of tough

I've learnt tough's the kinda stuff that lives in every
man
Yeah I've learnt tough is more than just what I knew
back then

[Chorus]

Now it's working over time when you got mouths to
feed

It's paying off that mortgage yeah it's owning the deed

It's every soldier fighting that may never come home

It's sticking to your guns when you're going it alone

it's working over time when you got mouths to feed

It's paying off that mortgage yeah it's owning the deed

It's every soldier fighting that may never come home

It's sticking to your guns when you're going it alone

It's living when we lose the ones we love

It's living when we lose the ones we love

There's all kinds of tough

There's all kinds of tough
