I make no bones about it  
I come from a little town  
I ain't go nowhere  
Roots go deep down in the ground  
Got me an honest job  
And a jacked up ride  
I smoke Tally-Ho's year round  
I'm the king of the simple life

I like to get loud, get down  
I like to get off with my boots on  
Fill your cup and raise it up  
And drink to an old Slim Dusty song  
Everybody from all around  
Show me you're country  
Show me you're country proud

Ain't no doubt about it  
Ain't nothing like a country girl  
When they come to party  
They go hard and rock my world

And they get loud, get down  
They're not going off with their boots on  
Fill your cup, raise it up  
And drink to an old Slim Dusty song  
Everybody from all around  
Show me you're country  
Show me you're country proud

I like to get loud, get down  
I like to get off with my boots on  
Fill your cup, raise it up

I like to get loud and get down  
I like to get off with my boots on  
Fill your cup and raise it up  
Get loud and get down  
I like to get off with my boots on  
Fill your cup and raise it up  
And drink to an old Slim Dusty song

Everybody from all around  
Show me you're country  
Everybody in any town  
Show me you're country  
Show me you're country proud  
Country proud...
