You don't care what we say
So long as we say it
You want us to speak but talk is cheap
We're here today and gone tomorrow

We all agree that the integrity of the scene has been
compromised
We all agree that the integrity of the scene has been
compromised

Chalk us up as the good guy
You don't even know who we are
I don't believe in absolutely doing what you want

We all agree that the integrity of the scene has been
compromised
We all agree that the integrity of the scene has been
compromised
