Standing on the edge  
Desire overflowing (settle for nothing less)  
Bring it down, down, down  
Facing a white sunset  
The urge now ever growing (it won't go down)  
To make you drown, drown, drown

Nothing can bring me down  
I'm gonna make you drown  
Nothing can bring it down  
Nothing can stop me now

Flashing by, it's so divine  
To see you now and lose myself

Come and open your eyes to see  
You are my destiny  
Surrender to my ecstasy  
No dignity, enslaved to set me free  
Let go and give yourself to me

I'm on the edge

Pulsing under the hooded protector  
And wielding the power to unite, to sever  
A nether undertow explosion  
The cosmic plan is thrust into motion

What the fuck?  
I feel it rising, tearing through

Flashing by, it's so divine  
To see you now and lose myself

Come and open your eyes to see  
You are my destiny  
Surrender to my ecstasy  
No dignity, enslaved to set me free  
Let go and give yourself to me

I'm on the edge

IT'S A TRAP!

Flashing by (flashing)  
So divine to see you now (so divine)  
Lying next to me (losing myself)  
Flashing by  
So divine to see you now (passing me by)  
And lose myself

Come and open your eyes to see  
You are my destiny  
Surrender to my ecstasy  
No dignity, enslaved to set me free  
Let go and give yourself to me
