Fallen teeth
straight out of my mouth
reeks of insecurities
you poured into me

If these walls talked
they'd tell you to stop
stop with your murdering
my dignity

All the other boys wanted was
to gaze in my eyes
And your sick little brain crave was
to see me cry

Look at me
what have I become
I'm just a toy
you played and destroyed

What is love?
Does it push and shove?
Does it haunt you?
Make you feel like a fool

All the other boys left me 'cause
I wasn't good enough
now I'm stuck with these nightmares of me
accepting rough love

Every tear that falls from me
is the last one you will see
Tell myself this all the time
I don't know what changes my mind

All the other boys wanted was
to gaze in my eyes
And your sick little brain crave was
to see me cry

All the other boys left me 'cause

I wasn't good enough
now I'm stuck with these nightmares of me
accepting rough love
