Bounce x 2

All the bitches, Just pull your motha' fuckin' shirt down
I just wanna' see some titties, Ya know what I'm sayin
Yeah

Left Brain, on the beat

Shout out to my nigga Juicy cuh')

[Verse 1: Hodgy Beats]

We been buzzin', been buzzin' (ugh)

Niggas claim they OG (Wolf Gang!)

We still young and still humble (ugh)

Don't make me go back to the old me

I hold heat, breed cold feet, niggas deceased

(brrooop)

I figured that treat, trickin' like a religion

Livin' without a wisdom, eternal forbidden in prison

unforgiven (If I fuckin' say, that I live it)

I'm ridin' on the motha' fuckin' pavement

Bout' to get sued, I ain't worried about a fucking
payment

I'm layin' flow like concrete, writing on a segment

I ain't in high school no more, nigga stuck in pretense

Fuck english, check my french Yo HÃi blame gato
