From the narrow streets  
Of this narrow town  
Where lives compete  
Most let down  
I'll be a fading ghost  
A distant memory  
Like things you fear the most  
Don't ever speak of me

I'm gonna change my name  
I'm gonna be a star  
I'm gonna ditch the shame  
Of who my parents are

And if ever if ever if ever  
If ever someone asks where I've been  
They'll say we never, we never, we never  
We never saw the bastard again  
No we never saw the bastard again  
I am leaving here as fast as I can

I've seen the empty space  
Behind my neighbors eyes  
If you don't leave this place  
Something inside you dies  
I'm done eating dinner in the drive through parking lot  
Listing all the things I've been called that I swear I'm  
not  
That I swear I'm not

I swear if ever, if ever if ever  
If ever someone asks where I've been  
They'll say we never, we never, we never  
We never saw the bastard again

Yeah if ever, if ever, if ever  
If ever someone asks where I've been  
They'll say we never, we never, we never  
We never saw the bastard again  
I am leaving here as fast as I can

Fuck this town and all the things I have been  
I am leaving here as fast as I can
