You were always the good one
And now you are the lonely one, and so am I
You dig your heel
If walls could feel, it'd hit like thunder

You suffered in silence
Two thoughts; it was the sound of one, but not enough
Inside your heart
Can't fake a part

No more silence in me
No more silence in me
No more silence in me
No more silence in me
We're not the lucky ones
We'll never be the lucky ones

What you found was a way out
Not much, but it's the thought that counts, and so I try
To make a start
To fake a part
Hope it ends well

No more silence in me
No more silence in me
No more silence in me
No more silence in me
We're not the lucky ones
We'll never be the lucky ones
