Can we pretend that aiplanes in the night sky are like shooting stars? i could really use a wish right now, wish right now, wish right now. x2

rap:

Lets pretend i didnt do this, say that i was never into music, say i never got a mic say i never used it. i wonder what the fu*k i would be doing if i didn't write,sing,rap and think about producing. maybe i shoulda listened as a school kid instead of being stupid getting me excluded now im sat looking at the stars which are stupid, pretending it is planes that are moving, wishes i could do with but it looks like nothing gonna change something doesnt feel right, nothing is the same. i wonder what i'd be doing wonder what i'd say if i backed down to every motherfu*ker in the way, its okaa, come and take a look at me today cuz i just keep on pushing when theyre pulling me away and i can't help it looking up in space wishing that i'd be wishing up on a plane i pretend that;
aiplanes in the night sky are like shooting stars i could really use a wish right now, wish right now, wish right now x2

rap:

lets pretend that i was famous lets pretend i had already made it lets imagine i was in the charts with the greatest artists all the mayanards and the agents lets pretend im more than just a star in the making cuz the yards are amazing the gardens in vegas the cars are mercedes all the beach bars and the parties are crazy i wouldnt know where to start with the ladies i cant even take it but now im wishing it was true wishing it was different from sitting in my room man i'd buy the iphone listening to tunes, and a handheld mic no spitting in the boom.
cuz this is who i am and this is what i do and you can go against it or what one thing is i'll move, well whoever said the sky is the limit is a fool cuz i aint got a limit but in my view. i pretend that;
airplanes in the night sky are like shooting stars i could really use a wish right now, wish right now, wish right nowx2
