Mercyland: Leaning on you. Phil Madeira and Cindy Morgan

Lord I'm home to wonder, too far from the water
I've done to many things that I can't undo
I keep meaning to be leaning on you

Lord I've seen the face of the devil, looking back at
me from the mirror

But I need your forgiveness to make it untrue
I keep meaning to be leaning on you

CHORUS:

Jesus, friend to the sinner, show me your mercy on you
Wanna cling to your hand, so please understand
I keep meaning to be leaning on you

SOLO: Refrein

Lord I want to kneel down at the altar,
Take me all the way down in the water.
I wanna come home shouting halleluja, halleluja
I've been meaning to be leaning on you
repeat Chorus:

Jesus, friend to the sinner, show me your mercy on you
Wanna cling to your hand, so please understand
I keep meaning to be leaning on you
Wanna cling to your hand, so please understand
I keep meaning to be leaning on you
