And just like everyone i've ever known i let you down  
I let you go And just like everyone i've ever known i let  
you down I tell you so

I woke up on the wrong side of the bed again today  
next to a new face ... next to a suitcase and it's safe to  
say i ain't makin the plane I'm just makin mistakes and  
it's every bodys fault but mine now I put that on my  
mama sittin up in the big house I put it on my pops he  
should of made us learn in school Get up out my room  
freak this is your fault too and this is what i do on to the  
next day more blame to lay More walks of shame Call  
whats her name she'll ease the pain Come on i'm....  
jane Hey But who's that now the boy from Northern  
Sactown Who had big dreams and a mpc Or the man  
lookin dead in the mirror on his last leg prayin that god  
can hear him

And just like everyone i've ever known i let you down  
I let you go (and it aint nobodys fault but my own) And  
just like everyone i've ever known i let you down I tell  
you so

Yeah she want to leave here tomorrow She feel she  
loosing control She gots a tough road to follow She do  
not know why everything and everyone stand in the  
way of what she wants She feel alone She get no love  
cause she give no love And she really don't see that its  
her So she's pointin the finger Won't take  
responsiability So she go blaming all the folks that  
doubt her The smoke and powder Obstacles around  
her got her drowin in sorrow Tomorrow she hopes she  
dont wake up If she dont love herself How in the fuck  
he gonna make her understand she's focusing on the  
wrong thing And she turns her back on the crowd they  
all sing

And just like everyone i've ever known i let you down  
I let you go (and it aint nobodys fault but my own) And  
just like everyone i've ever known i let you down I tell  
you so  
Out of patiance ..... seem impossiable but baby all you

got is your word dont loose it You're the only one you're  
foolin Take it one step day by day and its gonna be  
okay

And just like everyone i've ever known i let you down  
I let you go (and it aint nobodys fault but my own) And  
just like everyone i've ever known i let you down I tell  
you so

And just like everyone i've ever known i let you down  
I let you go (and it aint nobodys fault but my own) And  
just like everyone i've ever known i let you down I tell  
you so
