Lights, camera, action. I remember how
It happened, young punk rappin'. Rhymes in
My notebook, beats in my dissent. Battles in
The lunch room, everybody listenin'. Can't stop
I got something to prove. I put it all on the line
I got nothing to lose. I done paid my dues. And I stand
By my team, I made a damn lifestyle outta my life
stream.

It's been a long time coming and plenty of hard work
And you can't take that away. I represent my city
Through my music, imma take that to the grave.
It's been a long time coming and plenty of hard work
And you can't take that away. And when it all falls down
and

There's nothing left, imma sell those songs and say,
There's a part inside of me, you can never ever take
away

Say my name. 'Cuz imma prove that I'm here to stay.
You

Know I did it for the love of the game. 'Cuz I remember
What it took to get here. Outta time and I still grew up
here. It ain't all about the fame. I did it for the love of
the game.

I did it for the east side, did it for the west side. Did it
for the

Women show my love when I jet by. For the O H I O , o-
state.

Yo, it's all love, no hate. I salute you, swear to stay true
to

The town where they taught me to stand 'till they move
You. And you know the kush keep my eyes closed.
I don't need 'em anyway. Blindfold.

It's been a long time coming and plenty of hard work
And you can't take that away. I represent my city
Through my music, imma take that to the grave.
It's been a long time coming and plenty of hard work
And you can't take that away. And when it all falls down
and
There's nothing left, imma sell those songs and say,
There's a part inside of me, you can never ever take

away
Say my name. 'Cuz imma prove that I'm here to stay.
You
Know I did it for the love of the game. 'Cuz I remember
What it took to get here. Outta time and I still grew up
here. It ain't all about the fame. I did it for the love of
the game.
Kells. My stilo, Chuck Taylors and Fritos. Every day is a
movie
You better pick up the TiVo. Me and my entourage but I
ain't
Talkin' HBO. Fucking, puffing, and stunting, I feel like
Evil Kanevil. And all of the people that laugh when I said
I
Do it big. All the same hoes comin' up to me now sayin'
"are you the shit?" Anywhere I go now cameras flash
And please excuse the pics and your girl in my room
Doing the same so please excuse my dick!
There's a part inside of me, you can never ever take
away
Say my name. 'Cuz imma prove that I'm here to stay.
You
Know I did it for the love of the game. 'Cuz I remember
What it took to get here. Outta time and I still grew up
here. It ain't all about the fame. I did it for the love of
the game.
I did it for the love of the game x2.
