Bridge

Everthing gonna be fine,

All tears will dry up,

No one gonna be crying any more

Everything will be fine.

Hook1

I say as long as I live,

I will make u proud,

I canâ€™t be such a child playin innocent,

Spoilin ma self with de women,

Goin to bar drinkin whiskey and smokin,

I canâ€™t forget de situation you went through

because of me mom,

You feed me, you clothe me, you watch me, u

educated me mom,

U de one who make me who I am mom,

Am de only boyz you ever have, I know u lovin me more than I do,

You pray for me evertime, that heavenly father can keep me far away from evil,

You work hard to make me stand as a man,

Pain u went through I feel it mom

I do love u I swear to God life would be different if u aint here mom,

Am here because of yr love, am proud of u, I wish if I was de first, I can stand by yr side I can do any anything to make u proud of me,

I gues aint to late to make u proud, hangin there everythin gonna be fine.

Life is not easy,

if u donâ€™t understand,

yeah I gues u all do the same,

Mom care for me,

She dedicated her life to me,

I cry some time seeing my mom suffering because of me,

Doin many hardwork,
There is nothing I can do, I wish if I am grown up man I
can take yr place,
Sure I will one day.
U makes me proud of u,
U resists every situation you went through,
Selling bundle of stick to get food,
You travel from place to place
Plough farm to get corn
Aint easy I understand
Itâ€™s because u believe in God,
Thatâ€™s what makes u strong,
God said no need to worry and said so ,
Thereâ€™s be a time for sadness, and time for
happiness
Dontcha worry mom
Yah ----yeah ----ah

Hook2

You said never underestimate God,
God have a plan for any human being

To be poor or to be rich,
To be happy or to be sad,
You said never took de wrong side,
Be on de right track ever road u takes,
Sometime u can said if I feel sad I would cry
At First I didnâ€™t understand but now I do,
It calm worry down,
Now itâ€™s time to be happy God heard yr every
prayer,
Junub got independent no tear will be shade any more.
Only joy would take the place of sadness we been
through
This time itâ€™s gonna be me to make u proud
Telling many stories that stuck in ma brain.
For yearsâ€¦..
