Six years of Christmas have gone by.
Where is my Christmas cheer?
All I want's your company
and don't say goodbye this year.

I'm not gonna ask Santa for lots of presents.
There's only one thing I need to feel like heaven.

I wanna wake up,
run to the tree,
look underneath
and find you and me.

This time my list is short n' sweet
To have you this Christmas year.
And underneath the mistletoe
Is where you ought to be my dear.

I'm not gonna ask santa for winter snow.
there's only one thing I think you should know.

I wanna wake up,
run to the tree,
look underneath,
and find you and me.

And all I want's
Your pretty face
Underneath my Christmas tree.

And Iâ€™d sing,
Hallelujah
Hallelujah
Hallelujah
On this holiday.

Hallelujah
Hallelujah
Hallelujah
On this holiday.
