Cowboy boots  
Your semi-curly hair  
The timing ain't right  
But tonight I don't care

Let's make this last a little while

Here I am  
There you are  
Two unsuspecting lovers  
Here in this bar

It's magic. Come on and swing by my way  
And I say

It feels like a lifetime  
When you're away  
It feels so damn good  
To see your face

Taking a stroll  
Down memory lane  
Swore I knew you  
But I hardly knew your name

It's magic. We dance the night away

All those talks  
A bottle of wine  
And how we want  
To know Jesus Christ

You got some nerve to turn around and walk away  
And I say

It feels like a lifetime  
When you're away  
It feels so damn good  
To see your face  
It feels like home  
Home sweet home  
It feels like home

Home sweet home

Whyâ€™d you have to complicate everything by  
leaving?

Whyâ€™d you have to make everything so damn  
confusing?

It feels like a lifetime  
When youâ€™re away  
It feels so damn good  
To see your face  
It feels like home  
Home sweet home  
It feels like home  
Home sweet home

It feels like home, home, home sweet home  
It feels like home, home, home sweet home
