Love is anywhere you go
It's where I go
Just you and I

I like the home we call our own
A backyard full of daisies, love

When the mailman came passing through
With a postcard from your folks down south, love

Their approvals a tad late
But we still send our thanks, love

And could you imagine
The best part was yet to come?

Love is anywhere you go
It's where I go
Just you and I
And oh, when we're all alone
I feel at home
Just you and I

And it all seems a mystery
How you came to me that one night, love

And the credit bills, they pile high
A stamped mark of our new life, love

When the world weighs down on me
Say let in the sunshine, love

I couldn't believe
The best part was yet to come

Love is anywhere you go
It's where I go
Just you and I
And oh, when we're all alone
I feel at home
Just you and I

I been thinking about love
I been thinking about love
I been thinking about love
I been thinking about love and sunshine

Love in anywhere you go
It's where I'll go
Just you and I
And oh, when we're all alone
I feel at home
Just you and I
you and I
you and I
