My trouble upon you
There where you lay
They've never known
For I've never shown

Your time will afford you
My custom be paid
They've never known
For I've never shown

Hey listen God
After this song is through
I'll be changing my ways
God knows I've seen better days

Hey listen God
Forgive me if I seem rude
Now your dues have been paid
Foolish mess that we made
My trouble upon you
There where you lay
They've never known
For I've never shown

Your time will afford you
My custom be paid
They've never known
For I've never shown
