The stary skies were clear the moon was shining bright  
Was driving slowly through the night  
Somehow I lost my way I started feeling weak  
Pulled off the road to get some sleep

Then suddenly in front of me she was standing there  
She called me in the night

Chorus:  
Come on and dance with me  
Come on and dance with me  
Come on and dance with me she said

Her skin was velvet smooth her eyes looked almost  
ancient  
And when we touched it felt so strange  
She told med if I wanted to I could go with her  
She moved me with her eyes

Chorus:  
Come on and dance with me  
Come on and dance with me  
Come on and dance with me she said

We didn't do much talking no we didn't spoil the game  
I only heard her say

Chorus:  
Come on and dance with me  
Come on and dance with me  
Come on and dance with me she said
