"You Keep Me Running"

Visit "[You Keep Me Running](#)" on MotoLyrics.com

I never met anotherone
Who made my life so much fun
'cos every moment I'm with you
I never know what you're gonna do
Every day you change your
Mind
Do something different all the time
Life is a game you wanna play
Twentyfour hours a day
It's funny how
Chorus:
You keep me running going and coming
I like the feeling it's out of control
There's no denying you send me flying
I'm hoping you catch me when I fall
You drive me crazy but i
Don't mind
Someone like you is hard to find
I like the way you're moving around
In your world everything is upside down
Every day you change your
Mind
Do something different all the time
Life is a game you wanna play
Twentyfour hours a day
It's funny how
Chorus:
You keep me running going and coming
I like the feeling it's out of control
There's no denying you send me flying
I'm hoping you catch me when I fall
