I remember the stories you told  
About the ones who came before me as I held you in  
the cold  
And how youâ€™d end it before it got old  
Iâ€™m just another memory as your story unfolds

Iâ€™m not sorry that it came to an end  
Iâ€™m not sorry that i can not be your friend  
But Iâ€™m sorry for the man Iâ€™ve become  
My heart it so much colder now  
My eyes look so much older since you

Watch me fly and watch me fall  
And every day was better than the next  
But thatâ€™s all right  
I reached so high but I lost it all  
But every day gets better now  
Yes every day gets better after all

I remember the plans that we made  
To get out of Ohio before our bodies decayed  
But our intentions were a shallow charade  
Still Iâ€™m packing up for Austin once these debts  
have been paid

And can I start to start over again  
Can I stop holding on to December  
When will I start to stop wondering when  
When Iâ€™ll forget what I donâ€™t want to remember  
anymore
