Sometimes when I am playing
Right before my last song ends
Some guy walks to the stage
And he puts a dollar in
He stands there till we finish
Then tells me over and over again

Play me some drinkin music
The blues is all I really know
Those songs that youâ€™ve been playing
Iâ€™ve never heard of them before
Donâ€™t sing me nothin happy
Because I like it sad and slow

I wait until heâ€™s gone
And then I roll my eyes
So much for Dierks Bentley
Now Iâ€™m stuck with 1-4-5
Iâ€™ve got to get this over
Or heâ€™ll pester me all night

Play me some drinkin music
The blues is all I really know
Those songs that youâ€™ve been playing
Iâ€™ve never heard of them before
Donâ€™t sing me nothin happy
Because I like it sad and slow

I never listen to country
Iâ€™m stuck in classic rock
So could you please just help me
By turning back to clock

Play me some drinkin music
The blues is all I really know
Donâ€™t sing me nothin happy
Because I like it sad and slow
