### Verse 1

I've been overshadowed too long by misery and  
life pain  
Passed relationships haunting me, I'm living life in  
vain  
You still determine to love, who I can be  
But taboo over taken all my abilities

### Pre-chorus

Why have you chosen me  
Life has been unfair to me  
Taken my dignity, I can't give you all of me

### Chorus

Ability to trust, feel  
Love has left me  
I keep telling myself  
I don't know how to love ya  
Each time I reach out to hold ya  
My fears keep preventing me

### Verse 2

It's not that I don't care this heart just can't  
bear  
Eternal fears of expressing how much I do care  
Can't allow myself to trust or open up  
Cuz I'm not sure about the both of us  
It's just easier not to make a fuss and cancel us

### Pre-chorus

Life has been unfair to me  
Taken my dignity, I can't give you all of me

### Chorus

Ability to trust, feel  
Love has left me  
I keep telling myself  
I don't know how to love ya  
Each time I reach out to hold ya  
My fears keep preventing me

### Bridge

Iâ€™ve been cut deep from love before so my heart  
canâ€™t take no more  
Abused misused evermore so how can you afford to  
give me more  
No time wasting donâ€™t keep chasing a broken heart  
cuz you will only find  
A life a crime in prison in time so boy donâ€™t be blind

#### Verse 3

I donâ€™t understand why you keep trying  
When inside I know Iâ€™m dying  
Here Iâ€™m finding Iâ€™m not aligning  
Canâ€™t feel all the things you desiring boo  
But its up to you just remember my love is taboo  
(pause)  
Loving me will involve many challenges too  
So what you wanna do

#### Pre-chorus

Life has been unfair to me  
Taken my dignity, I canâ€™t give you all of me

#### Chorus

Ability to trust, feel  
Love has left me  
I keep telling myself  
I donâ€™t know how to love ya  
Each time I reach out to hold ya  
My fears keep preventing me

Donâ€™t know how to love  
Donâ€™t know how to love  
Donâ€™t know how to love  
O no, donâ€™t know how to love
