Visit "[Every Dawn I Die](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Every dawn I die  
every tear I cry is 'cause of you  
Every night I weep  
when I can't sleep is 'cause of you

I know you were misleading  
You smiled as you were leaving  
You killed me  
You freed me

Every dawn I die  
every time I sigh is 'cause of you  
Every night I bleed  
in misery is 'cause of you

I know you were misleading  
You smiled as you were leaving  
You killed me  
You freed me

Every dawn I die  
every word I lie is 'cause of you  
Every night I dream  
What could have been if you never were

I know you were misleading  
You smiled as you were leaving  
You killed me  
You freed me
