-Verse-

I don't know how much longer I can go on like this
I thought by now that I would've found a good girl
And start to settle down
But every time I try it feels that is never enough
And the more and more I do I lose hope in love
But we wont give in to the fight

-Chorus-

We've got our whole lives in front of us
And we're so tired of chasing love
We are so far from where we dreamed
That we would be whenever we were young
Kids just waiting to fall in love
We wont give up oh until we find love

-Verse-

We feel so alone because everyone we know
Has found a love of their own
And what they've got they just don't know
That it's all we ever wanted never asking for more
When we were young we were so naive
To think falling in love would be so easy
But we wont stop until we get this right

-Chorus-

We've got our whole lives in front of us
And we're so tired of chasing love
We are so far from where we dreamed
That we would be whenever we were young
Kids just waiting to fall in love
We wont give up oh until we find love

-Chorus-

We've got our whole lives in front of us
And we're so tired of chasing love(chasing love)
We are so far from where we dreamed

That we would be whenever we were young (when we
were young)
Kids just waiting to fall in love (to fall in love oh)
We won't give up oh until we find love
