

## One Eskimo "Astronauts"

You float like a baby  
trying to escape this  
covered in tar

but every recording  
you keep distorting  
like an astronaut

it's funny old world  
full of headaches in turn

so whenever you need space  
i guess it's okay  
when you're floating away  
to feel nothing at all  
we can be astronauts  
if you want to f---, -f---. get out of here

you float like a baby  
looking for safety  
somewhere on mars

but if i'm mistaken  
your body's in England  
but your head's in the stars

it's funny old world  
full of headaches in turn

so whenever you need space  
i guess it's okay  
when you're floating away  
to feel nothing at all  
we can be astronauts  
if you want to f---, -f---. get out of here

we can get out of here  
we can get out of here

we can be astronauts  
we can be astronauts

it's funny old world  
full of headaches in turn

so whenever you need space  
i guess it's okay (ay ay ay)  
when you're floating away (ay ay ay)  
to feel nothing at all  
we can be astronauts  
if you want to get out of here

we can get out of here  
we can get out of here

we can be astronauts  
we can be astronauts
