Let me tell you about a simple day
In my own way I woke up at six today
Put on the coffee machine
I always dreamed of being a millionaire
Not a care in the world because I'm losing my hair
Dressing up like the model in the shop window
But now I know I've got it wrong and it don't go
You get to what you find
Your boss is in the mood
Man what makes him think that he can be so rude
Forgot to wash your face and your head aches too
People are staring as they pass you by
Let it go
Don't show that you're a single man and not a day goes
by without a porno mag

God damn if I'd have only stayed at home today
Be fine to live the rest of my life this way
Just a simpleday

Sometimes I don't know why we're living
Just a simple day
These times when everything's slow
Just a simpleday
Sometimes I don't know why we're living
Just a simpleday
These times...

Let me tell you about a simpleday
In my own way
Fine for jaywalking
But allow him he's talking to the traffic man
Who's on commission man
He said that's what I do to put my kids through school
So my apologies
Enjoy your day
Who's he to say that for taking my money away

Think man if I'd have only stayed at home today
Be fine to live the rest of my life this way
Just a simpleday

Sometimes I don't know why we're living
Just a simple day
These times when everything's slow
Just a simple day
Sometimes I don't know why we're living
Just a simple day
These times...

Just a simple day
Sometimes I don't know why we're living
Just a simple day
These times when everything's slow
Just a simple day
Sometimes I don't know why we're living
Just a simple day
These times...
