How long has it been, shall we get into it again?  
Excuse, our disgrace we've had no time to paint the  
place  
The dog is always barking at the mailman

I won't waste your time with my revelation  
Hello my friend, I see you're back again  
Hello mystery, don't bother to explain  
How bout maybe, it's all been in my head  
Hey world I'm tired of this black & blue, black & blue

My dear, come again, your voice is fading out and in  
Out of the laundry bin, I found my innocence again  
The dog is always barking at the mailman

I won't waste your time with my revelation  
Hello my friend, I see you're back again  
Hello mystery, don't bother to explain  
How bout maybe, it's all been in my head  
Hey world I'm tired of this black & blue, black & blue

Hello my friend, I see you're back again  
Hello mystery, don't bother to explain  
How bout maybe, it's all been in my head  
Hey world I'm tired of this black & blue, black & blue
