Now or Later

[Verse #1]

I'm walking down the street, with my Bible in my hand, (hand)
Trying to spread the word of Jesus Christ across the land, (land)
People call my message insignificant like a grain of sand
But people don't seem to understand
The time of rapture, will be upon us soon
It could happen at any minute,
Any time! Day or night, Morning, Noon!
But you'd rather sit around, looking down at the world
Smoking a joint and having sex, Asking yourself what to do next
Until things go haywire and you begin to backfire and transpire into a liar
Stop trying to put things off, saying you'll do it later
When you know God's love is greater than anyone else's
He's the almighty and forgiving creator
But your too blind to see the truth
That's been in front of you ever since the beginning on your youth
Your so stuck on yourself,
That you begin to think that what's better than money and wealth
Now your really out your mind
And this is the VERY reason why you're in a bind
Ughhh!

[Chorus]

This is world is crazy and messed up
People walking around actin like they don't give a WHAT
I hear em sayin
I don't feel like praising God today (YEAH!)
I'll do it tomorrow or another day
I mean I got plenty of time
I'm trying to live my life, while I'm at my prime
I'll do it later

Why do it now, when I can do it later
Now or Later, (x4)

[Verse #2]

I can tell by the look on your face that I'm boring
you
Trust me I know what you wanna hear
Something fast that makes you cheer!
I hear you loud and clear
So here we go, let's get this rap in gear, (gear)
You wanna hear me go so fast?
Make up a bunch of words that don't make sense
Shift from past to present tense
Will that make you proud?
Make you bump your speakers loud!

Man forget that!

I'm a rap my way (Bet that)

It seems nobody ever wants to listen until its too late
Scientists think they can predict the date,
But if you look in the bible it clearly says, no man knows
when he's comin back
You could be walking down the street with your friends,
then whack
The news hits you like an anxiety attack
Hopefully, this makes you think about what you've
been doing to cause others strife!
Even when the day comes, if you live for God,
you'll never be in bums
You'll be flying high in the sky with your chums
There's a better life then what your livin in
Most you have given in
But there's still a chance to make things right.
(Tonight)
Get down on your knees and ask God for forgiveness
Then he will lift your curse. And all your sorrow will
disperse
Trust me you don't wanna go to hell and rot in a
dark cell
Its time to make war, and give your life to the Lord
Give your life to the Lord

[Chorus]

This is world is crazy and messed up
People walking around actin like they don't give a
WHAT
I hear em sayin
I don't feel like praising God today (YEAH!)
I'll do it tomorrow or another day
I mean I got plenty of time
I'm trying to live my life, while I'm at my prime

Iâ€™ll do it later
Why do it now, when I can do it later
Now or Later, (x4)

[Verse #3]

Iâ€™m gonna give God my all, while I still have a
chance
So when I leave this world, I can danceâ€¦in heaven
With my Lord and saviorâ€¦Jesus Christ
From the bible Iâ€™ve learned about his sacrifice
I mean wouldnâ€™t you rather live in paradise?
W-W-Waitâ€¦.Whatâ€™s that sound?
I hear the train coming to take you underground
I think you better check out Proverbs Chapter 3 Verses
5 and 6

[Chorus x2]

This is world is crazy and messed up
People walking around actin like they donâ€™t give a
WHAT
I hear em sayin â€¦
I donâ€™t feel like praising God today (YEAH!)
Iâ€™ll do it tomorrow or another day
I mean I got plenty of time
Iâ€™m trying to live my life, while Iâ€™m at my prime
Iâ€™ll do it later
Why do it now, when I can do it later
Now or Later, (x4)
