(verse 1)

Late nights them cold feelings  
and you huggin on ya pillow actin like you wid em  
but he gon i know he out chill-in  
and he left you alone im like lord willin  
i can play that role make you feel special  
and its not about the money but i can impress you  
and its not about the sex neither when i undress you  
all you want attention making it feel suspenseful  
text his phone, no ringer  
you text my phone im like whats up stranger  
debating whether you should call me over  
not to do anything sayin you just need a shoulder huh  
and im like i just need to hold ya  
and you thinkin its wrong every time we get closer  
and im thinkin its right so my approach is more bolder  
and you thinkin its on as soon as i start to touch ya huh

(chorus) x2

Late nights them cold feelings  
and you huggin on ya pillow actin like you wid em  
but he gone, but he gone, i know he out chill-in, i know  
he out chill-in

(verse 2)

Good mornings warm feelin  
and you clutching me tight cuz you loving this feelin  
and im here now, im batting a million  
and i just want to take you home lord willin  
i don't care about ya situation  
i can make you smile being sarcastic but you know im  
playin  
ya man gone but im here now  
loosen up a lil and let ya hair down  
ya boy a good look, yea baby a good hook  
a lot of fish roamin in the sea i got these sharks shook  
heart throb but i can make you laugh im like Dan Cook  
act like a lady think like a man you livin book  
Gucci shoes, the devil wears Prada  
we cruisin through Manhattan with a couple dollars  
i love to see you walk away so i can follow  
and if he leave again then baby you call me to

tomorrow

(chorus) x2

Late nights them cold feelings  
and you huggin on ya pillow actin like you wid em  
but he gone, but he gone, i know he out chill-in, i know  
he out chill-in
