They never played what I wanna hear
Just some shit I hate
I don't listen the radio
Cause I got tapes
I got No Eager Men
I got All the Bodies
I got Fuck you Anyways
I got Addicted to You
I can't eat I can't sleep
And I can't write
All the radio airwaves
Have given me some kinda lobotomy
And I can't cope
Doctor please I need hope
We don't listen anymore
They never play us what we want
We've got our hits
We've got our favorite songs
So come on and turn off the radio
