You take away
All that I lived for so long
But if you would, just wait
Maybe it won't be that much longer

(Chorus)
It's just your feelings
You're gonna shut up and let me speak
I'll let you know what you are
If all you're needing
Is a chance to be like me
It lets you find what you are

I think I'm going to need a change
Let's take a time out
You changed your face
Into a person I don't know
But if you would just stay
Maybe it won't take that much longer

(Chorus)
It's just your feelings
You're gonna shut up and let me speak
I'll let you know what you are
If all you're needing
Is a chance to be like me
It lets you find what you are

What you are

It's just your feelings
You're gonna shut up and let me speak
I'll let you know what you are
It's just your feelings
You're gonna shut up and let me speak
I'll let you know what you are
If all you're needing
Is a chance to be like me
It lets you find what you are

What you are...
