No time, for guys
Mind set, in line
Work first, I tried
No play,

But I didn't know that I would find you like I did or like I
should
I didn't know bad luck could taste this good

Little boy blue
Well aren't you my sweet misfortune
Well aren't you my sweet misfortune
You know that it's true
Bird by my side
You couldn't have told my fortune
You couldn't have told my fortune
If you tried
My sweet misfortune
My sweet misfortune
My sweet misfortune
You know you're my sweet misfortune
My sweet misfortune
My sweet misfortune

So I decided
To hide, rewind
But wooed, I sighed
Never mind,

Cause I didn't know that I would find you like I did or
like I should
I didn't know bad luck could taste this good

Little boy blue
Well aren't you my sweet misfortune
Well aren't you my sweet misfortune
You know that it's true
Oh bird by my side
You couldn't have told my fortune
You couldn't have told my fortune
If you tried

My sweet misfortune
My sweet misfortune
My sweet misfortune
You know you're my sweet misfortune
My sweet misfortune
My sweet misfortune

Little boy blue
Well aren't you my sweet misfortune
Well aren't you my sweet misfortune
You know that it's true
Bird by my side
You couldn't have told my fortune
You couldn't have told my fortune
Even if you tried
Sweet misfortune
Sweet misfortune
My sweet misfortune
