Insignificant

Diamonds are for those who could sell their smile
Bright songs are for those who deny their sons
Little prince, I'm not one of them.. I don't even trust
them.

Since then. When you're watching your life to be hidden
for someone that you could really swear to be your
alter ego mate.

Watch them go. Let them free. Show them all the way to
disappear .

Shine like the morning light make the night seem
insignificant.

Dreams when you're still awake make the doors look
open wide.

Trying to be one of those who try to appear part of your
inner life.

Trying to be the dame you never loved.

I love this Rock&Roll style when you smile , when you
dance,

when you say you're so disappointed from rock and
from lyrics you can't even say.

Tomorrow papers and radio shows they will say
" you're not bad, you just don't know how, when or
why.."

Shine like the morning light make the night seem
insignificant.

Dreams when you're still awake make the doors look
open wide.

Trying to be one of those who try to appear part of your
inner life.

Trying to be the dame you never loved. Watch your
tongue just not to make them shy,

look them wisely even if you're not, even you hate,
even if you spit all wise people.. People you used to
avoid in your life.
