Who knew,
Who would of said there won't be me and you
And if you stayed
Would we end up making the same mistakes
The answer is there
I'll try to be accepting
Life is not always fair
When my heart is still rejecting

Chorus :
'Cause in your eyes, I
See your soul
We've paid the price, now
I should let you go.
'Cause in our lives,
There's times
We can't control
Now i should let you go
Can't let you go

Old memories
Are playing back in my head
Again and again
Just like a disease
Loneliness filling my body
with pain
Your love tastes like wine..mmm
Devotion is your brother
You're no longer mine
But i don't need another

Chorus.

Remember those times when there were just two of us
What's left? Only pieces
Our love is broken glass
I can almost feel you
And taste of your kiss
From now on
You will be the piece that i missâ€¦!

Chorus
