Don't tell me that you'll stay
When you're closing the door behind you
Don't tell me you're in pain
When we both do know, that is not true
And no don't lie
Don't try to cry
And don't even ask me why
My love has died
I thought you're mine
But now I'm screaming Good-bye!

CHORUS:

I gave it all to you
And now don't know what should i do
I'm broken and ripped inside
Still got enough to stand and fight
I gave it all to you
And now don't know what should i do
I'm broken and ripped inside
This pain has killed my love tonight

You're trying to prove me wrong
By telling me stories i won't buy
Been fooled by you for too long
Without me, you're not even the same guy
And no don't lie
Don't try to cry
And don't even ask me why
My love has died
I thought you're mine

But now I'm screaming Good-bye!

CHORUS

How can I believe you
If you lied before
I'll let God forgive you
Now I have to go
You killed my love!

I gave it all to you
And now don't know what should i do

I'm broken and ripped inside
Still got enough to stand and fight

CHORUS

This pain has killed my love tonight
I gave it all to you
I gave it all to you
I gave it all to you...
