This Night is getting darker
Fool moonlight shines in glory
Her shadow is her stalker
Vision is getting blurry
Her eyes are full of passion
She's feeling your affection
She's talking with compassion
Seems like she's your reflection

Burning within
It's time to begin
Does it really matter
Are you ready to try
Get feelings untied
Or will you deny it later

CHORUS:
Feel the heartbeat
Of this song
Feel the music running in your veins
Open your soul and let yourself go
And feel the magic
Magic on her dance floor

She knows your dark desires
Your secret dreams and fears
She has all that's required
To make you cry sweet tears
Her body will hypnotize you
Then leave you stoned and speechless
She sure knows how to surprise you
Though her love has eyes of bleakness

Burning within
It's time to begin
Does it really matter?
Are you ready to try

Get feelings untied
Or will you deny it later

CHORUS.

There's no point to hide
When she gets inside
And takes all control
Of your mind!

Burning within
It's time to begin
Does it really matter
Are you ready to try
Get feelings untied
Or will you deny it later...

CHORUS
