Chorus:

All of my boys and girls get down on the floor and
rip it like you need some more and you can step back
and you can't take that coz the beat is live and it's off
the map
off the map, oh oh, yeah yeah yeah or I'll go mad.
1, 2, 3 when the beat drops just say no more.

Verse 1:

See the problem with me is that I get so weak;
everytime I hear a sick, sick, sick beat.
The beat takes over, takes over my feet and works its
way up and yup that's me.
Get a lil cray, cray, cray, crazy every time I hear her
sick flow and
everybody knows as soon as I press play the party's
about to be o-o-o-on. (Ooon)
Give me that bass; all of that good stuff up in my ear,
and we should move, move to the point where you just
can't move nowhere.
You can wind with my ladies and stick it with my
brothers...
It doesn't matter, coz this beat's taking over.

Chorus:

All of my boys and girls get down on the floor and
rip it like you need some more and you can step back
and you can't take that coz the beat is live and it's off
the map
off the map, oh oh, yeah yeah yeah or I'll go mad.
1, 2, 3 when the beat drops just say no more.

When the beat drops, just break your neck.
get the bass hard, just break your neck
stick it in a droptop, just break your neck.
if ya misunderstood, just break your neck.(x2)

Verse 2:

Just break, break, break your...
Don't hold back; just bring it to the floor.
I'm young but I know how to shut it down.

I can still go hard, like I'm on tour; have you screaming
for an encore.

I can show that I'm the one setting all the trends when
you see me ripping up the dancefloooooor.

Yeah, me, I go all out.

Talking to the beat (make you wanna shout)

I'm a lil bit wild (that's me no doubt)

When I jump around and open my mouth. If you felt the
beat that I feel,

a feeling that I can't conceal; I'm about to blow you
know for sure.

I move like a beast; now let me roarrr.

Chorus:

All of my boys and girls get down on the floor and
rip it like you need some more and you can step back
and you can't take that coz the beat is live and it's off
the map
