(verse 1)leanne solo
last night when i fell asleep,
i dreamt about mylife,
i wondered if it could be different.
i can see me as a child
so young and so fragile
wonder what my momma thought to see me like that,
(chorus)
wouldn't it be betta,
if the world knew me
wouldn't it be better?
4 u and me
woldn't it be betta?
if i could live my life with you
(verse 2)
last night,i dreamt
about my heart
and how it broke
the times you left me....
all alone, without you by my side
i wonder if your serios this time
i love you
baby
(chorus)
wouldn't it be betta,
if the world knew me
wouldn't it be better?
4 u and me
woldn't it be betta?
if i could live my life with you
my boyfriend so cool
