Crash! Two worlds collide  
Come trooper ? King of dark plains  
Final frontier, souls turn nocturnal  
Withering between bloody sheets  
I push my host into deep space  
Chained between clouds and fiery horror  
I'll be the victor of the underworld  
Subconscious tons of terror  
Infesting this funeral world of purgatory punishment  
Tortured in the borderland  
Addressing my victim in comatose bloodshed

Fearless spawn of antichrist  
Reborn in the flames of Gloria's womb  
I grant my body the gifts of a snake  
Poisonous mind fighting it's own war

War, war of the souls now gathered  
The devils brigade escorting a creature of no points

I washed my hands in bloody water  
I spread my colors over your grave  
I was alive loving life too much  
Furiously beating on heaven's gate  
Now I'm trapped, chained at the edge  
One final thrill ? Painkiller blues  
I'm no victor of the underworld  
Dead man walking ? I have been served

War, war of the souls now gathered  
The devils brigade escorting a creature of no points

Digesting this funeral world of pandemonium  
Twilight zone incorporated  
Sleeping with the devil knowing I cannot go back

War, war of the souls now gathered  
The waiting time is over  
Today is a fine day to die

I look down the abyss

As the crooked angel pulls me down  
Flames reach my bode  
As the devils brigade salutes

Sandman apocalypse

Sandman pull the plug
