Only you can make me feel the way you do
Happy, Happy

I never thought that I, I'd find someone like you
I feel hypnotised, with the things you do
I'll never let you go, no
You're so right for me
I have to let you know
Forever you and me

Only you can make me happy
Happy, Happy
Only you can make me happy
Happy like I never ever felt before

You must be heaven sent, sent in to my life
And I compliment you baby (baby) ooh
We have a love so strong and true, yeah
It's true in every way (True in every way)
I want to be with you
Each and every day

Only you can make me happy
Happy, Happy
Only you can make me happy
Happy like I never ever felt before

Only you can make me feel the way you do
Happy, Happy
Only you can make me feel the way you do
Happy like I never ever felt before

Hello
Hi baby how you doing
Oh hi what's up
I tell you whats up honey I'm missing you like crazy
Oh you do man, I miss you too
I wanna see you, I wanna see you so bad
What like right now?
Yeah right now
Ok say no more baby I'm on my way
Be quick yes I'll be waiting

You're all I need in my life, I don't need no one
I don't need no one but you
You're all I need in my life, I don't need no one
I don't need no one but you

Only you can make me happy
Happy, Happy
Only you can make me happy
Happy like I never ever felt before

Only you can make me feel the way you do
Happy, Happy
Only you can make me feel the way you do
Happy like I never ever felt before

Only you can make me feel the way you do
Happy, Happy
Only you can make me feel the way you do
Happy like I never ever felt before
