It has to be a dream  
When I wake up here beside you  
You sleep so peacefully  
Just how happy can two people be

You're lying here so close  
I can hear your gentle breathing  
Your love's my favourite theme  
Are we living in a dream?

It's wonderful to see  
How the morning fog is lifting  
The night will soon be gone  
As darkness slowly turns to dawn

A chilly morning breeze  
Sweeps around us while you slumber  
I snuggle up to you  
I can feel my dreams come true

Moments of pleasure  
A calm embrace when day is done  
Moments to treasure  
We've only just begun  
There's wealth beyond compare  
In the love we share together  
Affections reign supreme  
When we're Living In A Dream

I wake up in my dream  
And you're there with me to share it  
I give your cheek a kiss  
And I can't believe I've found such bliss

I'm right here by your side  
I can hear your gentle breathing  
I'm proud to be with you  
I can see my dreams come true

Moments of pleasure  
A calm embrace when day is done

Moments to treasure  
We've only just begun  
There's wealth beyond compare  
In the love we have together  
How fragile love can seem  
When we're Living In A Dream

I'll be here by your side  
As we gently breathe together  
Affections reign supreme  
Are we living in a dream?
