Your eyes are sparkling, your body's strong
I hold you gently, now what can go wrong?
You give me courage and your support
And show me a positive way
I don't always tell how I feel
So now I say

Our moments of passion are so
Precious and vital to me
I don't tell you often I know
That's what I want you to see, my love

I still remember when we first met
For many months I was so hard to get
I wouldn't let you in to my life
But yet you never gave in
With flowers and dinners and wine
You knew you'd win

Our moments of passion are so
Precious and vital to me
I don't tell you often I know
That's what I want you to see

You are my lover, you're my best friend
I wanna tell you again and again
Our moments of passion are so
Precious and vital to me, my love
