Echoes, echoes are all that I hear  
Voices, noices yet nothing is clear  
The night surrounds me, cold and dark  
The air is trembling with doubt  
I wander in a gloomy wood  
And I can't seem to find my way out

Quivers, shivers, I know there are eyes  
Watching me while they stay in disguise  
The fog is soon enclosing me  
And spirits fill me with doubt  
I'm wandering in woods and fields  
And I can't seem to find my way out

The Maze, embrace  
I'm lost in the mist  
I feel scared but excited as well  
The Maze, embrace  
I'm lost in the mist  
I feel excited and scared, amazed

Very weary, I need to lie down  
Clearing all of my thoughts in my mind  
I spot the hazy contours of  
A worn out dreary, old house  
I groap my way along the path  
When I'm suddenly startled by cries

The Maze, embrace  
I'm lost in the mist  
I feel scared but excited as well  
The Maze, embrace  
I'm lost in the mist  
I feel excited and scared, amazed

The maze, embrace  
I'm lost in the mist  
I'm confused but I stagger along  
Shuffling towards the house I've just seen  
Don't know what, but I feel something's wrong

The doors opens and I step inside  
I hear something, but no one's inside

Echoes, echoes are all that I hear  
Voices, noices yet nothing is clear  
The night is very cold and dark  
The air is tingling with doubt  
I'm trembling in a gloomy house  
And I can't seem to find my way out
