The Pied Piper from Hamelin is who I'm gonna be
Coz one way or another I will make you fall for me
It's not a pure coincidence, the day I spotted you
Why are you so unfriendly when I'm being nice to you
The Pied Piper from Hamelin is who I'm gonna be
Coz I will make you dance and sing to tunes that come
from me

I wish we both could move to the stoneage for a while
Coz then I would seduce you in the good-old fashioned
style
I'd grab a cudgel in my fist and firmly grip your hair
And drag you to the cave - our home, sweet home
Unfortunately, there are laws against that nowadays
But I've got more ideas to come!!!

The Pied Piper from Hamelin is who I'm gonna be
Coz one way or another I will make you fall for me
There is a viking in my vains who takes all that she
wants
But running out of ruses makes me desperate I know
The Pied Piper from Hamelin is who I'm gonna be
Coz I will make you dance and sing to tunes that come
from me
