Yoo

Da world turns around

And everything goes down

it ain't gotta be like dat,ey lemme take da crown

Everything you own and every pleasure

it goes down

Every kinda success kinda richness

it goes down

So while you run' don't forget about the basics

when you know dat all you get is gonna go back down

ey lemme take this sound..

First i saw my only niggas bein' hatin' on me,and

Last i saw said holy people doin' thangs soo weak

And i be workin hard,but keepin' it smart,

running far ,but keepin' it strong,

trynta get it good yeah

trynta get it good,

Forget bout this world's vices,

But it recapturing me and everytime that i wanna
escape,

This world is so varying and everyday whole new
shapes

All new vices ,all new problems,ain't no easy for us to
stop em mayne...

and i'm like

Damn,what's happenin'

Damn,what's happenin'

I can't figure out this world is gettin' soo crazy mayne

Damn,what's happenin'

Damn what's happenin'

And everybody trynta get bad

Ey wutz dis shit mayne

Yea i talk about the killings,bad feelings in the hood

seems like thangs never been so far of good where's
the good mayne?

see dat live we livin,see the way we livin,don't we know

we far of what we dreamin,ey

what's this shit mayne

i'm like

Damn,what's happenin'

Damn,what's happenin'

I can't figure out this world is gettin' soo crazy mayne
Damn,what's happenin'
Damn what's happenin'
And everybody trynta get bad
Ey wutz dis shit mayne
Yo can you feel dat new wind when you doin' good
thangs
it makes you go to da sky,make you feel high ,like you
gettin' fly,fly
that's way we gotta live yea always on da search of
good yea all we gotta do is make it good
But we see some youngin niggaz killing for money,
even if da evil can be sometimes in our head we ain't
gotta do kinda thangs
when it comes to money,everybody gets so crazy
Yea i like to blow ,yea everybody like dat money,but
now bout
baddest bitches in da club,baddest killaz in da hood
plus sex and money ,what's that life way ,
seems like it's the new good way
talk about the money,always talk about the cars,
think that life is only about that what's that sh*t mayne
and i'm like
(chorus)
How can you force a chick To do your dishes,
You should try to feel her wishes
We so lost, like we ain't hosts,
In this world we gettin ghosts,
All is past,we alwayz last,
Everyday is a old day
yes you made it,another makes it
dat's a good thang but how you roll is never be like
errbody
so we seein lot of new vices
yea we all highly speedin'
it comes to Gettin' money,you throw it to the air
i think that shit just ain't fair
damn what's happening
(chorus)
let's stop that shit mayne (stop that shit mayne) (4x)
instead of make it rain
go make it better mayne
go make it better mayne
damn what's happeniin'
