Stars are shining bright tonight
It Feels just as you and I
Let's take the time to feel it right
Music is starting getting loud
Ask me what I've got in mind
Come to me be by my side
How come can't it be you and I ?
Let Love step inside
Chorus:
I wanna ride, All night
Feeling like you're the one right now
Let's fall in love, By now
Shining more than New York city's light
Prettier than tokyo at night
Aren't we boy Flying high tonight ?
Flying through Paris's sky
Aren't we baby shooting far ? The stars ?
Stars are shining bright tonight
Feels just as you and I
Let's take the time to feel it right
Music is starting getting loud
Ask me what I've got in mind
Come to me be by my side
How come can't it be you and I ?
Let Love step inside
Chorus:
I wanna ride, All night
Feeling like you're the one right now
Let's fall in love, By now
Shining more than New York city's light
Prettier than Seoul at night
Aren't we boy flying high tonight?
Flying through Rio's sky
Aren't we baby shooting far ? The stars?
Bridge:
Come to me boy it's time to feel it right, oh yeah
Let's make this night the best time of our lives, oh uh
'Cause I'm starting hearing a love melody through my
ears
Now come close to me I wanna feel your heart beat
next to me
Ooooooooooooooooooooooh uh

Chorus:

I wanna ride, All night

Feeling like you are the one right now (you are the one right now)

Let's fall in love, By now (yeah)

Shining more than New York city's light

Prettier than tokyo at night (Tokyo at night)

Aren't we boy flying high tonight ? (flying high tonight)

Flying through Paris's sky (shooting for the stars)

Aren't we baby shooting far ? The stars?

I wanna ride , All night

Feeling like you are the one right now

I wanna ride , All night

Feeling like you're the one right now

uuuuuuuh
