How could someone like You
Love someone like me
Full of mistakes and insecurities
When you look in my eyes
tell me what do you see
That makes you love me so.

IS it the nails that pierced in your side
the moment you dropped your head you died
For a sinner like me
You gave up your
Its time to let you know

Chorus

Lord I Surrender
I give you all I have
Its not much
But I hear you calling
So Here I Am
Standing In Your Grace
