"Doubtful"

Visit "[Doubtful](#)" on MotoLyrics.com

I can see the pain that hides inside your eyes
I can hear the words that you never say
'cause baby you're doubtful
I know n' I say:

and I believe in you
and I, would never leave your soul
even if the sky is falling
and heavens is calling
I would never ever leave your soul

You told me once, that I never cared
You broke the gift, that you could never take
'cause baby you're doubtful
I know n' I say:

I believe in you
and I, would never leave your soul
even if the sky is falling
and heavens is calling
I would never ever leave your soul

even if the sky is falling
and heavens is calling
I would never ever leave your soul
