"Wake Up"

One day you're sad
One day you're glad
Make up your mind, they all did, she said.

You must be going crazy inside that head
For all I care you're just a puppet, a lousy maid

Wake up, you've got to wake up early,
Clean up, you better clean up and get ready.
Wake up, you've got to wake up early,
Your life is on the shine

Go to bed, it's not your time
Stop talking and wasting mine

No wonder you're on the late,
C'mon boy, can't you tell this is a race

I remember when you'd smile,
But never even cared to say hi

Wake up, you've got to wake up early,
Clean up, you better clean up and get ready
Wake up, you've got to wake up early,
Your life is on the shine

Just one thing I had in mind
You have to read between the lines
Just one thing I had in mind
You gotta look deep inside your soul

Wake up, you've got to wake up early,
Clean up, you better clean up and get ready
Wake up, you've got to wake up early,
Your life is on the shine
