All I want
To bring me back down
Is your tired blue eyes
That follow me round

Dressed in white
And starting to shine
My head is full
Of a beautiful sound

Lights stands round us
The face is love
And the sound
Shall slow

Bring me back down
Wherever you are
All that I want is you
Bring me back down
Wherever you are
All that I want is you
Watch her move so slow
Move so slow
Bring me back down

All I need
To bring me back down
Girl, pull on the ropes
Said I'm safe on the ground
Lights stands round us
The face is love
And the sound
Shall slow

Bring me back down
Wherever you are
All that I want is you
Bring me back down
Wherever you are
Cos all that I want is you
Watch her move so slow
Move so slow

Bring me back down

Bring me back down
Wherever you are
All that I want is you
Bring me back down
Wherever you are
All that I want is you
Watch her move so slow
Move so slow
Bring me back down
